SUMMARY

B.Tech Information Technology student (3rd year, graduating 2028) building full-stack web applications with Node.js, Express.js, React.js, and MongoDB. Experienced in designing REST APIs, JWT authentication with role-based access, and testing and debugging across browsers, devices, and API clients, with strong DSA, OOP, and DBMS fundamentals. Independently built and deployed live projects.

EDUCATION

Samrat Ashok Rajkiya Engineering College, Mirzapur

B.Tech in Information Technology, 3rd Year | Expected Graduation: 2028

PROJECTS

JalRide: Smart Boat Booking Platform | *Independent Project, In Development* | [Live Demo: jalride-v1.vercel.app](#)

Node.js, Express.js, REST APIs, MongoDB, JWT, React.js, JavaScript, Git

- Independently building a customer-facing boat booking platform end to end: Node.js/Express backend, MongoDB data layer, and a responsive React.js frontend.
- Developing REST APIs for bookings, users, and boat-owner operations, with JWT authentication securing protected routes and a digital ticketing workflow.
- Testing and debugging across browsers and devices ahead of deployment; live demo hosted on Vercel.

QuickDine: Full-Stack Restaurant Booking Platform | [Live Demo: quick-dine-kappa.vercel.app](#)

Node.js, Express.js, REST APIs, MongoDB, JWT, React.js, JavaScript, Postman, Git

- Built and tested 15+ REST API endpoints in Node.js/Express.js for listings, bookings, and user management, validating requests and debugging responses with Postman.
- Implemented JWT authentication and role-based access for User, Owner, and Admin roles to control access to protected routes.
- Integrated React.js components with backend APIs and MongoDB-backed data; managed the full codebase in Git.

PrepWave: Education Platform | *Founder and Sole Developer* | [YouTube: @prepwave](#)

JavaScript, HTML, CSS

- Independently built and maintain a public-facing, mobile-friendly website with interactive JavaScript features for structured content delivery.
- Own the full development and maintenance lifecycle of the platform, which supports the PrepWave YouTube channel (22,000+ subscribers).

TECHNICAL SKILLS

Languages: JavaScript, Java, C++, C, SQL

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Role-Based Access Control

Databases: MongoDB, MySQL

Testing & Debugging: API Testing (Postman), Cross-Browser & Device Testing, Debugging

Frontend: React.js, HTML5, CSS3, Responsive Design

Tools: Git, GitHub, Postman, VS Code

CS Fundamentals: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS

ACHIEVEMENTS & CERTIFICATIONS

- AI/ML for GeoData Analytics: 10-hour online course by IIRS, ISRO (AI/ML techniques for geospatial data analysis and remote sensing)
- Founder, PrepWave: built an educational web platform and grew its YouTube channel to 22,000+ subscribers.
- Deloitte Australia: Technology Job Simulation (Forage) | [Certificate](#)
- Commonwealth Bank: Software Engineering Job Simulation (Forage) | [Certificate](#)
